Ref.: Bulgaria, Operational Programme Transport 2007-2013, CCI 2007BG161PO004

Dear Sir,

On 29 September 2015 the Commission received a request to revise the Operational Programme Transport 2007-2013.

After first examination of the revised Operational Programme Transport 2007-2013, the Commission services are of the opinion that it meets the requirements of Article 33 concerning the revision of operational programmes and contains all the components referred to in Article 37 of Council Regulation (EC) No 1083/2006. Therefore, the request is considered admissible.

The Commission shall now make a qualitative assessment of the modification proposal in the light of Article 37 of Council Regulation (EC) No 1083/2006 and shall adopt a decision on the request for revision of the operational programme as soon as possible, but no later than three months after its formal submission by the Bulgarian authorities.

Yours sincerely
